

Основи на Веб Дизајн – домашна

Александра Наумовска– 233072

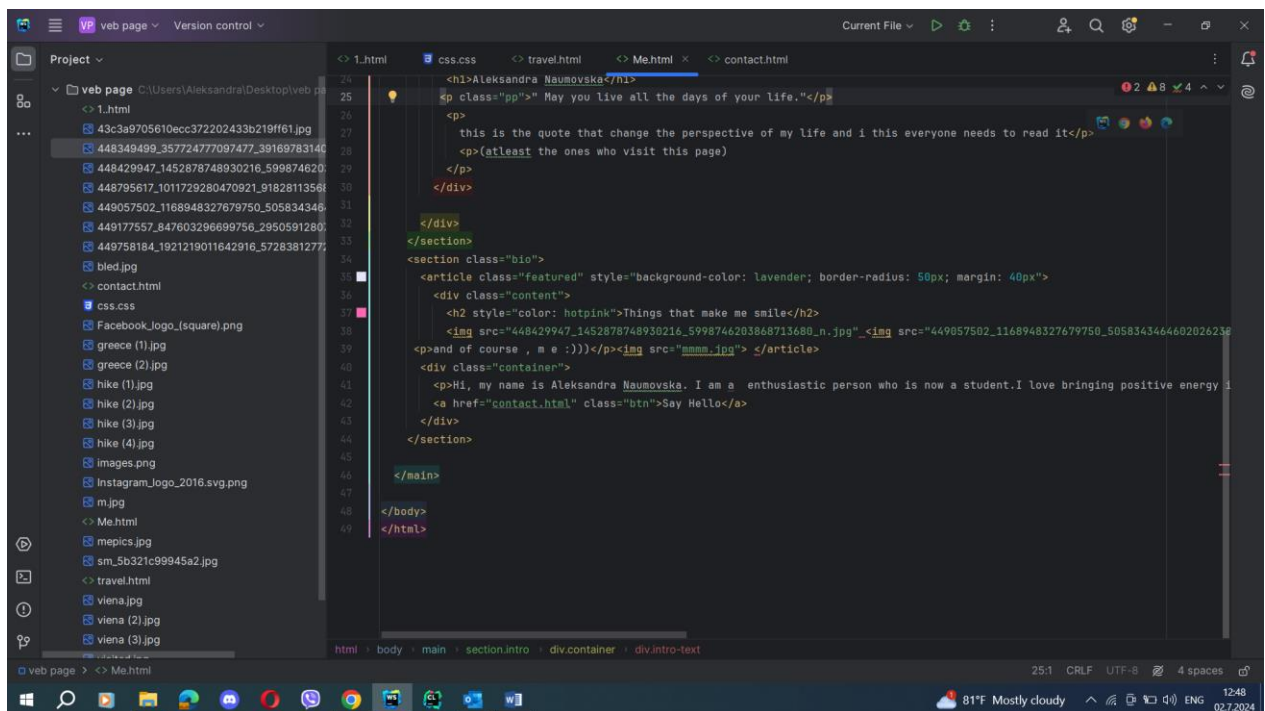

Идејата за дизајнот на веб страната е моја. Навигациската лента е во header елемент кој што се наоѓа над main елементот. Целата содржина се наоѓа во еден main елемент, кој што е поделен во две секции. Првата секција е делот за мојата слика и некој мал текст за запознавање. А додека пак втората секција, се социјалните мрежи кои јас ги поседувам.
